The Pornography TRAP

Editorial

In the very beginning, God created male and female. He instituted the ordinance of marriage—one man and one woman—telling them to be fruitful and multiply. On this relationship, God established the family unit. On this family unit, He built society. Behold, it was very good.

And because it is very good, and because it does make both stable, healthy families and societies, Satan is waging a furious, all-out attack against it. Be sure that it is an attack against God Himself. View the wreckage, the brokenness. Hear the groaning; feel the sorrow of the multitudes. The inhabitants of this world have become as one diseased man.

Decades of propaganda from the women's liberation movement to the LGBTQ movement promising, ever promising freedom and fulfillment to the people, has wearied them as one filling a bag that has holes. They lied to you! The victims are many. Happiness has never been so elusive. This is a lonely and confused generation.

The devil has had help in accomplishing his aim. For long years, grossly evil people, God-haters of the darkest hue, who walk closely to Satan and zealously do his fiendish will, have plotted and planned to corrupt and pervert mankind. Working catastrophic destruction, they delight in the perversion of innocent youth, even babes in arms not being spared their vile lusts and grossly depraved minds.

It will take the Great Physician of Heaven to heal this sick society—sick with sin, sick with sexual perversions. He is ever able and ready “to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound...to comfort all that mourn.” And He will come with vengeance against the oppressors of the earth!

Special Report

ROE HAS FALLEN. The landmark 1973 U.S. Supreme Court decision that invented a Constitutional right to abortion out of thin air has, itself, vanished into the judicial ether. For nearly fifty years the ruling had stood, a stain on the history of federal jurisprudence; a deep gash in the moral fabric of an enlightened society. Now it is gone, struck down with one fell swoop of a pen by a 5-4 majority vote. People will now talk about Roe (and its affirmatory opinion in Casey) in the past tense. Dobbs is the new name in town.

The Supreme Court hath given, and the Supreme Court hath taken away.

Yes, Roe is history. But, sadly, abortion is not. The opinion in Dobbs v. Jackson Women's Health Organization merely strips abortion of its legal fiction as a right, which was extrapolated from a strained reading of the nation's founding document. The issue is now returned to the individual states, where the People, through their elected representatives, get to decide on it for themselves.

All across the nation, abortionists are wringing their hands. State legislatures have been preparing for this day. Twenty-six of them will further restrict or outright ban the practice.

This is what makes the Pro-Choicers so furious. The actual work of democracy is a fraught thing. It is notoriously difficult to pass legislation without agreement. They know they will not win in the court of public opinion. They must kill children at any cost, but it is rather hard to convince your neighbors that sacrificing their young in the name of autonomy

and privacy (read, unrestrained sexual activity) is in their best interest.

Pro-Choice advocates are really Pro-Cash. Abortion is a multi-billion dollar industry in the United States. Planned Parenthood states that abortion costs up to \$750 in the first trimester. In later stages of pregnancy, the costs can be as much as \$1500 or more. The industry is undeniably tied to Big Pharma.

The abortion pill alone costs \$535. About 54% of abortions in the US are chemical abortions, i.e. by use of the pill. The Guttmacher Institute reports that 930,000 abortions were performed in the U.S. in 2020. This means that the pill raked in \$268,677,000 in at least 2020 alone.

What about the other 46% of abortions that were clinical and cost significantly more than the pill? If we estimate conservatively an average cost of \$750 for these, we get a staggering \$320,850,000. These figures are, of course, on the low end. LifeNews.com reports, "Planned Parenthood alone reports billion-dollar revenues in its annual reports, and it only does about 40 percent of all abortions in the U.S."

No wonder the powers that be are upset at the potential death-knell of the most divisive and immoral ruling of the nation's highest court. No wonder President Biden himself, a professed Catholic elected on a party platform that has the sacrifice of babies as one of its main pillars, would not readily condemn the naked intimidation occurring against the justices of the Court in the lead up to the

Dobbs opinion. Abortion is big money. And big money drives politics.

In the eyes of Kathy Hochul, New York's Democrat Governor, abortion is worth protecting, and all who oppose it are subhuman. Fearing a Supreme Court victory for the Pro-Life movement, she preemptively signed into law a legislative packet to protect "abortion and reproductive rights for all." "This is the United States of America, where freedom and liberty are supposed to mean something," she lectured. "It's the rock upon which we were founded. It is supposed to mean something. Except in the eyes of some Neanderthals who say women are not entitled to those rights."

This is the language of the modern abortionist. This is the drum beat to which they dance who throw innocents into the flaming arms of the modern Moloch of "choice."

But the governor is not alone. Swift condemnation from the most evil specimens of humanity followed the fall of Roe. Threats were made to the justices' very lives by leading politicians and their rabid followers both before and after the final opinion was released. None of those threatening were censured. None of them were banned from Twitter, Facebook, or YouTube.

People will do anything to murder the innocent. And they are given wide latitude by both social and mainstream media to do so. Truly, nothing speaks to the depravity of modern society more.

And in a post-Roe world, we should expect nothing less. 🗡️

1,287,595 Injuries Reported after COVID Shots Vaccine Injury Compensation Programs 'Overwhelmed'

VAERS data released by the Centers for Disease Control and Prevention show 1,287,595 reports of adverse events from all age groups following COVID-19 vaccines, including 28,532 deaths and 235,041 serious injuries between Dec. 14, 2020, and May 27, 2022.

Of the 13,150 U.S. deaths reported as of May 27,

16% occurred within 24 hours of vaccination,

20% occurred within 48 hours of vaccination and

59% occurred in people who experienced an onset of symptoms within 48 hours of being vaccinated.

VAERS is the primary government-funded system for reporting adverse vaccine reactions in the U.S.A.

Historically, VAERS has been shown to report only 1% of actual vaccine adverse events.

This means the actual numbers are staggering!

And they continue with the vaccination!

INFERTILITY AND MORE: A DIABOLICAL AGENDA

SIS. SUSAN MUTCH

“The possibility that the government might have to put sterility drugs in reservoirs and in food shipped to foreign countries to limit human multiplication was envisioned today by a leading crusader on the population problem...The crusader, Dr. Paul Erlich, of Stanford University, among a number of commentators who called attention to the “population crisis” as the US Commission for Unesco opened up its 13th national conference here today. Unesco is the United Nations Educational, Scientific and Cultural Organization...

President Nixon’s chief science advisor, Dr. Lee BuBridge, brought up the question in his keynote speech last night, calling the reduction of the earth’s population growth to zero ‘the first great challenge of our time.’”

—A Sterility Drug is Now Hinted, A *New York Times* article by Gladwin Hill, November 24, 1969.

Using eugenics and genocide did not stop with the Nazis. As seen in this excerpt from the *New York Times* article, even American university professors and presidential science advisors are involved in carrying on this dastardly work. Planned Parenthood, for example, is not about women’s rights. It is about depopulation with a genocidal focus on minority communities.

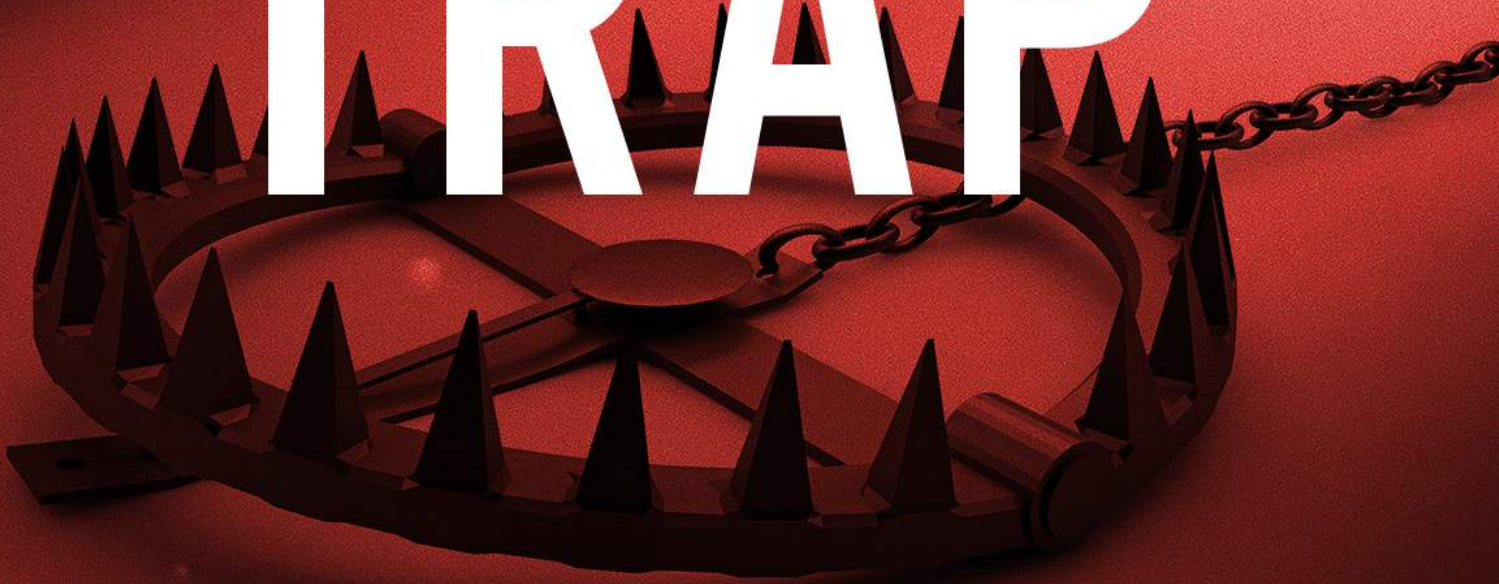

In the article, Dr. Erlich essentially argued that the government should be in charge of reproductive rights, determining who is allowed to reproduce and who must be sterilized. Communist China would agree.

“To achieve the sterilization goals, **he urged establishing a Federal Population Commission with a large budget for propaganda,**” reports the *New York Times*. **He also called for “the addition of a temporary sterilant to staple food, or to the water supply” in order to cause mandatory infertility.**

Dear readers, these things are in full force now! The public drinking water has been contaminated with chlorine and fluoride. Both affect fertility. Both are carcinogenic. A report from the U.S. Council of Environmental Quality found that the cancer risk

The Pornography TRAP

BRO. PATRICK O'SHEA, SR.

We are living in a generation where good is called evil and evil is called good (Isaiah 5:20). Among the many vices condoned today and even promoted in the public schools is pornography. The ultimate design of pornography is to destroy the nuclear family, thus creating chaos in society.

Let us consider a few points relevant to the subject.

- Pornography degrades the normal curiosity about sex that young people may have.
- Pornography is used for the grooming and sexualization of children. This is the real reason for the promotion of pornography in the schools.
- There is a direct correlation between sex trafficking and pornography. One million children a year are sold into sex trafficking.
- 9 out of 10 men under 18 have been exposed to pornography.
- Social engineers are trying to destroy the difference between a boy and a girl. The goal is to eliminate the sex difference and create one sex. Pornography is one means to this end.
- Pornography objectifies women and emasculates men.
- Pornography is addictive. The dopamine release from viewing pornography recycles into more dopamine needing to be released. This causes a desire for progressively violent hard-core porn to be viewed to satisfy the addiction.
- 35% of all internet downloads are porn related.
- Healthy men in their twenties can not perform without Viagra because of their porn addiction.
- Some husbands and wives look at pornography together, destroying marriages and

eventually bringing in other participants.

- Proponents of pornography call it “empowering women” in their perverse desire to moralize its use.
- We have an epidemic of children abusing children, acting out the porn they have seen.
- Those performing pornography need drugs to perform, which in turn causes a deeper drug addiction.
- Pornography is being used to promote pedophilia.
- Pornography is being used to sexualize the feminist. This does not liberate women but brings them into bondage.
- There are women turning away from men today because the men want to perform the violence they have learned from viewing the pornographic videos.
- Pornography invites girls to be sexually active. 2 in 5 sexually active girls have a sexually transmitted disease (STD).

Pornography is a dirty trap used by the enemy of our soul to destroy families and demoralize the minds of men, women and children. Its promotion of depravity is lethal to society and turns people into animals. Pornography cheapens the sexual relationship to a mere transaction instead of the precious intimacy between a man and a woman that God designed for marriage. For you to engage in pornography is to take pleasure in the violence and sexualization of women and children while destroying your own soul in the process. 🖱

ATTACK ON THE NUCLEAR FAMILY

— A WAR AGAINST GOD

SIS. EDEL NEUFELD

“The nuclear family must be destroyed... Whatever its ultimate meaning, the break-up of families is now an objectively revolutionary process.” Linda Gordon

Perhaps not many would be as blatant as Linda Gordon in their disdain for the traditional family. Nevertheless, the enemies of the family have fought against it, at times subtly and at times overtly, from time immemorial. Arguably, the seeds of such sentiment have never found a more fertile ground than the 20th century.

Already in the 1800’s, men like Karl

Marx called for the abolition of the family in the *Communist Manifesto*. The short-lived Hungarian soviet gives us a perfect glimpse into the methods that would be used to this end. When communists succeeded in establishing the Hungarian soviet in 1919, education commissar George Lukacs instituted the following system, according to his biographer: “Special lectures were organized in schools and literature printed and distributed to instruct children about free love, about the nature of sexual intercourse, about the archaic nature of bourgeois family codes, about the outdatedness of monogamy, and the irrelevance of religion, which deprives

man of all pleasure. Children were urged thus to reject and deride paternal authority and the authority of the church and to ignore precepts of morality.”

Free love, sexual perversion, contempt for religion and morality, together with rejection of parental authority—these are the ingredients used by all who desire the destruction of the family, whether communist or no.

In 1959 Herbert Marcuse wrote the bestseller *Eros and Civilization* that became a major influence to the feminist movement, the LGBTQ movement, and the Sexual Revolution of the ‘60s. He, too, predicted that a sexual revolution would

end in the dismantlement of the family when he wrote, “The body in its entirety would become...a thing to be enjoyed—an instrument of pleasure. This change in the value and scope in libidinal relationships would lead to a disintegration of the institutions in which the private interpersonal relations have been organized, particularly monogamic and patriarchal family.”

Although many women joined the feminist movement out of a sincere and justified desire to end the oppression of women, few are aware that there were those who had a more sinister reason for supporting their cause. Aaron Russo, a friend of Nick Rockefeller, gave an interview before his death where he reveals Rockefeller’s confession that the women’s liberation movement was funded by the elite with the destruction of the family in mind. The cause for their antagonism towards the family is clear. If the strong, traditional family—with the protective father, the full-time mother, and their well-instructed and secure children—is broken up, the children become vulnerable to be molded by the state or some other pow-

erful entity. Once this power is attained, ruling a society with little to no resistance can easily be accomplished.

Today, no one can dispute that the destruction of the family is well underway. A staggering half of all marriages end in divorce. With 2,400 divorces happening every day in the United States alone, it is not surprising that only 46% of children live with both of their parents. It is a deplorable fact that one in every four children live in a home without any father figure at all—neither a biological, step, or adoptive father.

Just as was hoped, the breaking up of the family has made children extremely vulnerable to the agenda of the powerful. Through the public education system and the entertainment industry, young minds are incessantly indoctrinated with the tenets that will ensure the furtherance of their power and agenda—a rejection of morality, religion, and parental authority.

Sexually deviant and explicit material in the school curriculum as well as in movies, video games, magazines, and songs has created a generation with little to no knowledge of the

beauty and value of a healthy, monogamous, and faithful relationship between a married man and woman.

With increasing frequency and conspicuousness, parents are stripped of their authority as their children are encouraged to make important, sometimes life-altering, decisions by themselves at an alarmingly young age. Abortions, gender reassignments, access to birth control, and medical treatments, such as hormone therapy or the recent COVID-19 vaccine, can all be attained without parental consent or even knowledge.

Whatever arguments have been used throughout time to war against the traditional family, at the root lies a wicked rebellion against God Himself. When God instituted the family in the very beginning, He designed every member of the family with a particular place and purpose, all for the benefit of mankind. The purposeful design in His creation was to teach humanity of Himself, His love, His church, and His will.

However, sinful man is forever rebelling against His design, choosing his own way instead while preferring not to keep God in his knowledge (Romans 1:28). The consequences of such rebellion are always devastating.

The dismantlement of the family as God designed it has brought untold mis-

ery to our society. It is hard to imagine a more victimized youth than ours today! Stripped of the protection and strong support system provided by the family as God designed it, today's youth is left to drown alone in the swirling seas of false indoctrination, demoralization, and sexualization. Suicide is now the fourth leading cause of death among the young. There is a crisis of mental health around the world, with one in five children and one in four adults suffering from a mental health condition. It is obvious that our society has become woefully broken.

If there is any hope of healing our world, it will come by submitting ourselves to the structure God established for His creation to function in. God, in His divine wisdom and love, instituted

the family and established it as the foundation of society. When humanity thinks himself wiser than God and attempts to alter His design, all of creation groans to be delivered from this unnatural state (Romans 8:22).

But, oh, how beautiful when God's design is honoured! What happiness results when father and mother build their home conjointly, each fulfilling their respective calling and purpose, never wavering in their love and faithfulness to each other! Such a home becomes a haven, a refuge from the storms of life, a source of courage for every adversity. Only with difficulty could the enemy exploit the child secured in such a home. Mass shootings, suicides, identity crises, and depression could hardly infiltrate a

Free love, sexual perversion, contempt for religion and morality, together with rejection of parental authority—these are the ingredients used by all who desire the destruction of the family, whether communist or no.

society built by such families.

Such a community is not only the wishful thinking of a hopeless idealist. It is the reality for which Christ died; the reality enjoyed by those who have submitted to God's design and become a partaker of His community, the church. To all who are yet suffering in the confines of Satan's dysfunctional society, she calls with compassion, "Come" (Rev. 22:17)! 

The Stolen Women's Liberation Movement

SIS. EDEL NEUFELD

"There comes a point when people become weary of abuse and join themselves to uprisings against injustice and oppression. The system, however, has a built-in ability to stealthily join these causes using money, or plainly speaking, the system buys the protest. The protest can then be controlled in a large measure through manipulation. It can be presented to the public in a slight-of-hand way that robs it of any power it may have had to overturn the structure which created the problem in the first place."

—*Hustlin' Backward*, Stephen Hargrave

"Weary of abuse" is a good description of many women in the early to mid

1900s. Although by 1920 the suffragists had accomplished the ratifying of the 19th Amendment, giving women the right to vote, many women still painfully felt the limitations imposed on their sex.

Society at large was such that a woman was impeded from ever fully reaching the place and calling for which she was created.

Women became weary enough that they began to rise up against their oppression. But, as Stephen Hargrave makes clear in his book, the kings of the earth know exactly how to subdue such uprisings by buying the protest, manipulating it, and then presenting it to the public in a way that completely incapacitates true

change. As women rose up with a righteous desire for liberty to become who they were created to be, the established powers saw their opportunity to usurp and manipulate the uprising for their own benefit.

The Movement and the Rockefellers

Nick Rockefeller admitted to his friend, filmmaker Aaron Russo, that the woman's liberation movement was funded and backed by them—but it was not to free women from oppression. By supporting them in leaving the home for the work place, taxes could be collected from double the populace. Secondly, if the uprising of the women could be manipulated correctly, it would break up the order of the family, leaving the children vulnerable to be taken from the training of their parents and placed instead in the hands of the state to be indoctrinated for the benefit of the powerful. That they accomplished these goals is clearly evident today. But few know that the result of the feminist movement was no accident.

Steinem, the Movement, and the CIA

To many, Gloria Steinem is the face of the feminist movement. She became recognized as a leader and spokeswoman for the feminist movement in the late 1960s. Steinem is known as the co-founder of the first national American feminist magazine, *Ms. Magazine*, which remains a popular source of feminist news to this day. But much information about Gloria Steinem and her involvement with the feminist movement has been censored in the narrative presented to the world.

Although from a poor and dysfunctional family, Gloria Steinem was somehow able to attend the elite Smith College, Betty Friedan's alma mater. After graduating, Steinem received the "Chester Bowles Student Fellowship," a grant created by the CIA to fund Steinem's studies in India. No one else has received this grant, neither before nor after Steinem. When she returned from India, Cord Meyers of the CIA recruited Steinem to attend Communist-sponsored youth festivals, where she reported on other participants and provoked riots.

Steinem was established as a leading voice in the women's liberation movement when Clay Felker, one of her CIA colleagues, began publishing her articles in the magazine *Esquire*. By 1971, Felker hired Steinem to be the editor of *Ms. Magazine*. Through the funding the elite funneled to the magazine by various front

organizations, the magazine quickly became an undeniable influence in the shaping of the feminist movement.

But not all feminists appreciated Gloria Steinem's efforts in the movement. Betty Friedan specifically criticized her and wrote, "The assumption that women have any moral or spiritual superiority as a class or men share some brute insensitivity as a class—this is male chauvinism in reverse...It is in fact female chauvinism, and those who preach or practice it seem to me to be corrupting our movement for equality and inviting a backlash that endangers the very real gains we have won these past few years." Other feminists openly accused Steinem of being a government agent that had infiltrated the movement to disrupt and destroy it.

In the 1970s, the Red Stockings, a radical feminist group, unearthed information about Gloria Steinem's involvement with the CIA. Gloria Steinem and Clay Felker, among others, threatened to sue Random House if they were to publish the information. Random House capitulated, but in 1979, the *Village Voice* published the censored chapter outlining the connection between Steinem, the feminist movement, and the CIA.

Manipulation by the Kings of the Earth

Unbeknownst to them, multitudes of women were manipulated in their sincere desire for liberation. Most did not want to leave their homes and children. Nor did they desire the demise of men. They simply wanted to be recognized as more than a second-class citizen, to be seen as more than someone's

servant or sex object, to have a voice, and to be given the liberty to step into their God-given calling. It is possible that even Steinem herself was deceived into accepting the funding and support, not understanding the manipulating powers that were at work. Nevertheless, by infiltrating the movement and "buying the protest," the powers that be were able to control the narrative, thus rendering the uprising incapable of redeeming the God-given place of the woman. Many a woman labored, sacrificed, and fought for her rightful place in a system that would never allow her to reach her goal.

No uprising against injustice will ever be effective while fought from within the system that is creating and propagating the injustices in the first place. The only real solution is to leave the system and "come out of her, my people" (Revelation 18:4). Oh, that the oppressed and exploited multitudes would awake and realize their only hope is in Christ! His blood purchased the glorious church of God, the only entity whose roots are not intertwined in Satan's oppressive system. Only through her administration can captives find deliverance, broken hearts be healed, or the bruised be set at liberty (Luke 4:18). 📖

Infertility and more: A Diabolical Agenda

Continued from Page 5

for people drinking chlorinated water is 93% higher than those whose water is not. Fluoride (which experts say is on par with lead), is neurotoxic, and both of these hazardous chemicals cause a host of other physical problems. The data reveals the damage, yet the government continues their use, the CDC even currently expanding their fluoridation agenda. It is fair to call this evil.

Dr. Barry Commoner of Washington University stated: “Can we not invent a way to reduce our population growth rate to zero? Every human institution—school, university, church, family, government and international agencies such as Unesco—should set this as its prime task.”

A prime task indeed it is for the globalists, one for which they have plotted and planned many decades. Vaccine developers sought to create an anti-fertility vaccine on behalf of the World Health Organization. This research was undertaken from 1972 to 1992 in response to perceived over-population.

“Sperm viability is also plummeting across the modern

world, according to dozens of published scientific studies. One such study...found that sperm concentrations have plummeted more than 50 percent from 1973 to 2011.”

It is now scientifically confirmed that flu shots cause spontaneous abortions, a form of infertility and population control. This explains why the CDC began pushing for flu shot vaccines during all three trimesters of gestation in expectant mothers. Knowing this, why do they continue to use toxic mercury in the shots?

Note: the CDC, the FDA, and the WHO, to name but a mere few, are enemies to the people—they are not institutes of health! Beware!

And while people over the years

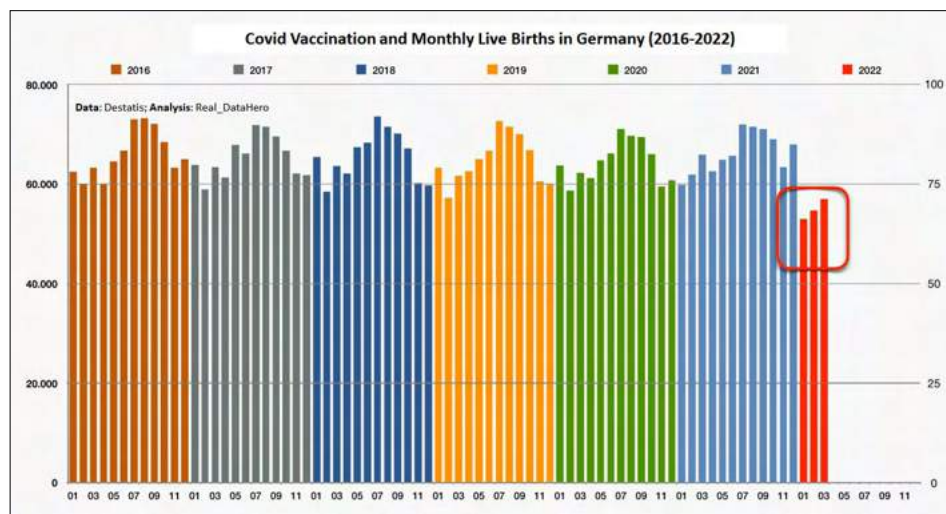

have dutifully submitted to the CDC's recommended vaccine requirements, the recipients little know that there are hidden, cancer-causing viruses that deliberately contaminate many vaccines. (See the SV40 Simian Virus fiasco affecting 98 million Americans via the polio vaccine. Also, read the book *Plague* by Judy Mikovitz.)

Public health vaccines are spiked with covert sterilization chemicals.

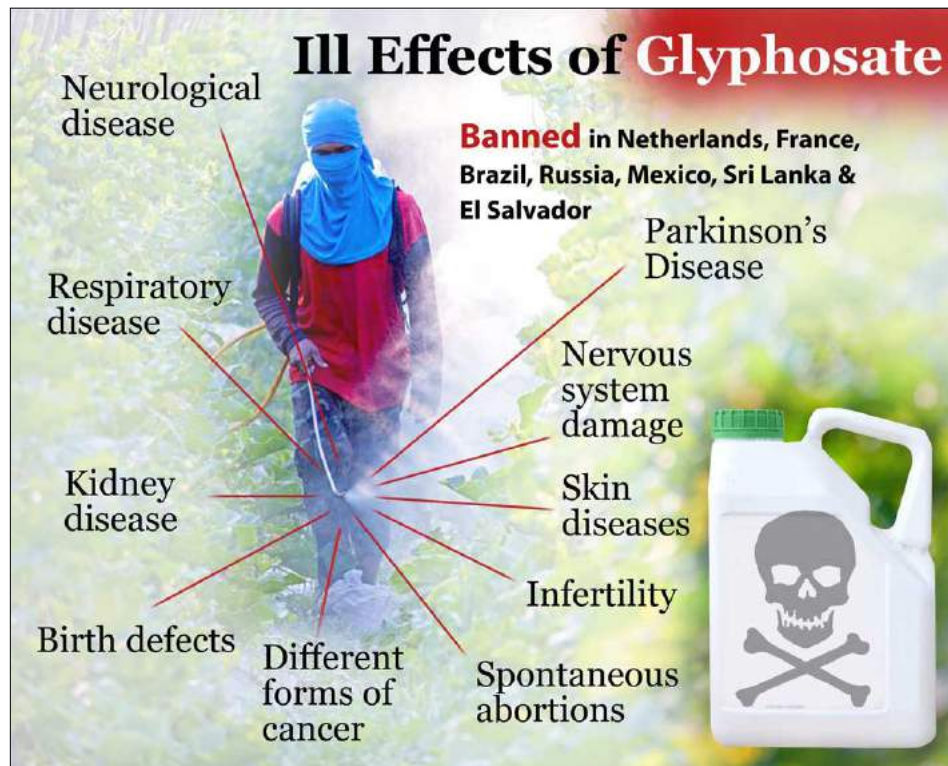

Covid Vaccines and Infertility

Why are birth rates plummeting in the United Kingdom, Germany, Sweden, Netherlands, Switzerland, and Taiwan—nine months after mass covid vaccinations?

<https://kanekoa.substack.com/p/covid-vaccines-and-infertility?>

Bill Gates openly talks about achieving the correct amount of population reduction by using vaccines and other vectors, saying: “The world today has 6.8 billion people...that’s headed up

to about 9 billion. Now if we do a really great job on new vaccines, health care, reproductive health services, we could lower that by perhaps 10 or 15 percent.”

Yes, “great job,” Mr. Gates, as when you, hand-in-hand with the WHO, cursed Africa with your “tetanus” vaccine. Without any informed consent, they lied to the women and sterilized them. Enforced sterilization is a war crime!

It should come as no surprise that the covid inoculation also affects fertility (and a host of other serious adverse effects, including death). Unprecedented amounts of miscarriages, stillbirths, and fetal malformation have been reported. Per usual, on this, mainstream media is silent, and the lie continues—“It is safe and effective.”

Then there is the deliberate use of cancer-causing ingredients in the popular food supply. Sodium nitrite, to name but one, is in processed meat, inducing widespread cancer and early deaths.

With the likes of Bill Gates, the Rockefeller Foundation, and Monsanto, our food supply is now seriously compromised. Their genetically modified foods (GMO) are nullifying male fertility in humans and causing a host of other physical problems, as are the cancer-causing glyphosphates poisoning the crops and causing infertility, birth defects, and spontaneous abortions.

And, are you ready for this strategy of the World Economic Forum (WEF)? “Artificial intelligence expert Catriona Campbell predicts virtual children will be commonplace within the next 50 years, which can help combat overpopulation. The virtual children would only exist within the metaverse, and parents would interact with them using high-tech wearables like gloves that can deliver tactile feedback to replicate physical sensations.”

“If you do not know that mass steril-

ization efforts are underway right now to eliminate human fertility and drastically reduce the global population, then you are not yet well-versed on reality,” states Mike Adams.

Incredulous as it sounds, it would seem that we are experiencing an orchestrated global genocide.

The Word of Our God Shall Stand For Ever

Controversy about LGBTQ issues has been plaguing the United Methodist Church (UMC) for a while, but recently, the denomination has been hemorrhaging congregations as hundreds of them are leaving due to the UMC becoming ever more accepting of all things queer. Seemingly unconcerned about the split, the UMC is celebrating Isaac Simmons, an openly gay pastor, as a candidate for ordination. Simmons, also known as Ms. Penny Cost when in his drag queen persona, calls God “nothing but a drag queen with a microphone of biblical proportions.”

But the United Methodists are far from being the only ones affected by the confusion on human sexuality. St. Aidan's Anglican Church of London, Ontario, recently showed its support of the LGBTQ community by a colorful display of

doors painted in rainbow colors with the message “God's Doors are Open to All.”

While so-called Christianity is swallowed up by the confusion in Babylon's bottomless pit, God's church stands unmovable on the solid Word of God's revealed truth, unashamedly defending human sexuality as defined by the One who designed it in the very beginning.

THUS SAITH THE LORD:

Genesis 18:20 – And the Lord said, Because the cry of Sodom and Gomorrah is great, and because their sin is very grievous.

Genesis 19:4-7, 24 – But before they lay down, the men of the city, even the men of Sodom, compassed the house round,

both old and young, all the people from every quarter: And they called unto Lot, and said unto him, Where are the men which came in to thee this night? Bring them out unto us, that we may know them. And Lot went out at the door unto them, and shut the door after him, And said, I pray you, brethren, do not so wickedly. Then the Lord rained upon Sodom and upon Gomorrah brimstone and fire.

Leviticus 18:22, 24 – Thou shalt not lie with mankind, as with womankind: it is abomination. Defile not ye yourselves in any of these things: for in all these the nations are defiled which I cast out before you.

Leviticus 20:13 – If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination:

they shall surely be put to death; their blood shall be upon them.

Deuteronomy 23:17 – There shall be no whore of the daughters of Israel, nor a sodomite of the sons of Israel.

Romans 1:24, 26

Canon Kevin George of St. Aidan's church in London, Ontario, stands with a display of doors to mark Pride month in June. The doors, in the colours of the Pride flag, say in English and French, “God's Doors are Open to All.”

28 – Wherefore God also gave them up to uncleanness through the lusts of their own hearts, to dishonour their own bodies between themselves...For this cause God gave them up to vile affections: for even their women did change the natural use into that which is against nature: And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompense of their error which was meet. And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient.

Jude 1:7 – Even as Sodom and Gomorrha, and the cities about them in like manner, giving themselves over to fornication, and going after strange flesh, are set forth an example, suffering the vengeance of eternal fire.

2 Peter 2:6 – And turning the cities of Sodom and Gomorrha into ashes condemned them with an overthrow, making them an ensample unto those that after should live ungodly.

1 Corinthians 6:9-10 – Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind (sodomite), Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God.

Thayers Greek Lexicon – effeminate:

- 1) A boy kept for homosexual relations with a man.
- 2) A male who submits his body to unnatural lewdness.
- 3) A male prostitute.

1 Timothy 1:9-10 – Knowing this, that the law is not made for a righteous man, but for the lawless (won't be bound by moral law) and disobedient...For whoremongers, for them that defile themselves with mankind, for menstealers, for liars, for perjured persons, and if there be any other thing that is contrary to sound doctrine.

Bullinger's Lexicon – whoremonger:

sodomite – Ephesians 5:5, 1 Timothy 1:10, Hebrews 13:4, Revelation 21:8. 📖

The sum of the whole matter is
this, that our civilization cannot
survive materially unless it be
redeemed spiritually.
